Dear Paul,

I am writing to thank you for putting together the Milwaukee Avenue Neighborhood Expo at the Congress Theater last fall. I met some nice contacts and hopefully future clients of The Sokol Group Real Estate and Development.

As a business owner, I like to hear success stories and assume you feel the same way over at the Logan Square Chamber of Commerce. Well, I met Pete Fernandez who is the local All State representative at the Expo last year and I am happy to say that as of February 1st, I became a client of his. It is because of your event that I met him.

So I would just like to say thanks again for putting that event together. I hope to see it again soon and many more like it.

Respectfully,
